An exciting week has happened at the OSHC House which you can *sea* by looking at the windows. It was "Under the Sea" week and we really got into it.

This coming week it's 'People from around the World' and there will be loads of different activities going on. Each day we will divide the kids into two or three groups and encourage each other to try different activities.

This coming week is also the start of AASC for this term. On Tuesday its Multi-Sports and we will be trying a new sport every fortnight, for example: European Handball, Hockey, Gridiron, Softball or Athletics. On Wednesday Craig from Costa Martial Arts is coming in to give the kids an introduction into self defense.

A new term brings new 'Star of the Day' winners. To start this term off I would like to mention Hannah De Soysa, who is always very happy and polite even first thing in the morning! Hannah also demonstrates the ability to make other people feel good about themselves just by hanging around her. Great job, Hannah.

So come on down this term and enjoy yourself at the OSHC House.
