Our Risk Management Team monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments. We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct www.chathamps@vic.edu.au also includes processes to report inappropriate behaviour.

Managing Risks to Child Safety and Wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities, and facilities and services we contract through third - party providers for student use. Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a Culturally Safe Environment

At Chatham Primary School we are committed to establishing an inclusive and culturally safe school where the strengths of First Nations culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For First Nations students, we recognise the link between First Nations culture, identity and safety, and actively create opportunities for First Nations students and their communities to have a voice and presence in our school planning, policies and activities.

We have developed the following strategies to promote cultural safety in our school community:

- We recognise the key elements of cultural safety that includes an understanding of identity, a respect for culture and an elimination of racism and abuse. To comply with these requirements, Chatham Primary School encourages and actively supports a child or student's ability to express their culture and enjoy their cultural rights in the following ways:

- Equip staff, students, volunteers and the school community to acknowledge and appreciate the strengths of First Nations culture and understand its importance to the wellbeing and safety of First Nations children and students. The school will actively support participation and inclusion of First Nations children, students and their families.
- Intervention immediately by any staff member where there is any evidence of racism identified, confronted and not tolerated, with further reference to the Assistant Principal and / or Principal. Further strategies would take the form of discussion with the child involved; a range of behaviour modification strategies and where appropriate, communication with the parents of those children involved. Additionally, the school motto, 'Be Safe, Be Fair and Be Kind' would be actively contextualised at all year levels and within the school community to address these issues.

Student Empowerment

To support child safety and wellbeing at Chatham Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our various peer support and connectivity programs, implementing our whole - school approach to Respectful Relationships, our student Code of Conduct and our core school values of being Safe, Being Fair and Being Kind.

We inform students of their-rights through our six core values of Learning, Responsibility, Respect, Partnership, Honesty and Resilience, our whole - school approach to Respectful Relationships. We give students the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns through Child Protection and other related agencies.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family Engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Chatham Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices, and encourage them to raise any concerns and ideas for improvement.
